To: Student &lt;student@iiita.ac.in&gt;

Cc: Associate Dean Student Affairs &lt;adean.sa@iiita.ac.in&gt;

Dear all,

This mail is regarding the efforts made by Students' Gymkhana in the matter of fee exemption.

- Initially, we have started raising the issue regarding the fee exemption even **before** the announcement of fee structure by making a proposal (**Annexure-1**) with taking inputs from all the senators at that time as there was uncertainty about the (July-Dec 2020) semester whether it will be online or offline. That's why it was more emphasized on refunding the fee of the earlier semester (Jan-June 2020). It was then forwarded to ADean (Student Affairs) later forwarded to higher concerned authorities. (**Annexure-2**).
- After the announcement of fee structure, As the mess charges were there in the fee structure for all the students. So, we have raised the concern about that and it has been resolved as the mess fee will not be taken this semester and further adjustment to be taken place. refer-(**Annexure-3,3(i) & 4**).
- In regards to fee exemption requests made earlier, after constant follow up Dean IPR asked us to provide them with documents having similar fee reduction requests and where the fee has been reduced. After collecting data of IITs and IIITs present at that time we reverted with the documents and emphasized more on the **Hostel Fees** upcoming semester as it was more likely to be in online mode.(**Annexure-5**).
- After multiple follow ups(**Annexure-5(i),(ii),(iii)**), we all received the response from the concerned authority.(**Annexure-6**)
- The result mentioned in Annexure-6 was unsatisfactory to the students so we again raised the issue as stated in **Annexure-7 & 8**. This time the result was something positive and we managed to achieve few things(**Annexure-9**):-
  - (a)cooler fee will be adjusted whenever college reopens
  - (b)Students were allowed to pay their fee in installments.
  - (c)Deadline was extended and made flexible also.
  - (d)No late fee was taken from students.(**Annexure-13**)
- As the majority of components were not waived off despite the fact that the semester is going to be held in online mode. So, we asked all the senators to give their crucial input (**Annexure -10**) (Showing them all the efforts that have been done till now) and

prepared a proposal which was mailed to the concerned authority.(Annexure-12)  
We received an office order (Annexure-14) in which it was mentioned all other components are under consideration.

- In between, we also raised the issue related to the hostel charges for the batches **Btech 2018** and **Mtech 2018** as these batches are not allotted single rooms but are being charged for the single rooms(Annexure-11). This issue is still being dealt with, as we are in constant conversation with concerned authority.
- In **Annexure-15** you all can see the Registrar sir has stated the following matter will be taken into account by the Ministry of Education and will be updated accordingly. As the deadline of the second installment came closer, we took follow up regarding the matter and sought an early response on 19th September(Annexure-16) and received that a meeting is going to be held on/before 26th September (Annexure-17).
- After multiple follow ups (Annexure -18,19) and again raising the issues this time requesting for relaxation in regard to **internet charges** in addition and repetition of previous requests made. Final office order was communicated to you all in **Annexure-20** in which it was communicated that an amount of **1100/-** will be subsidized in regards to met internet expenses.

**Along With all the mails and documents mentioned above, there are countless telephonic conversations with the concerned authority in which we have raised each and every issue students are facing in these difficult times.**

**I hope you will acknowledge the efforts made by your Students' Gymkhana as we left no stone unturned in strongly raising your concerns to the concerned authorities.**

## Proposal for Fee Concession

Understanding the circumstances and plight of those who have been struggling because of COVID-19 Outbreak and this global crisis. Students could not avail the facilities of the institute in the past semester. Although not all students might be affected by COVID directly, those who are, have received a serious blow in these times of crises. Since due to nationwide lockdown all of the students are facing a financial crisis and it will be really difficult for most of the students to raise such a huge amount to pay the fee once this is over. Especially when the source of income has been compromised for many months amidst the lockdown.

Considering the graveness of the issue, students' concern over the fees which could not be fully utilized in the last semester. We propose:

1. Rebate/refund of at least half of the fee paid by the students for the semester of Jan-June, 20, paid for Tuition, Hostel, Mess, Cooler Charges, and transportation. (mentioned in Item 1)
2. The standard 10% hike in tuition fees should not be implemented, as per HRD's minister (mentioned in Item 2.a).
3. Allow students to pay the fee in installments if they are unable to pay the fee in a lump sum and provide late fee provision for this semester or extend the duration for the fee payment than the standard deadline (mentioned in Item 2.b).
4. Allow some institute level aid/concession in fees for the students in these difficult times, like waiver on late fee (accepting late fee without late fee charges, mentioned in Item 2.c).
5. Rebate (In Item 1) can be compensated by deducting that amount by the fee that is supposed to be paid for July-Dec 2020.

Due to Holi break which was followed by the outbreak of COVID-19, the hostels were vacated by the middle of March'20( as per the academic calendar after Midsems/C1 examination); hence college facilities were not utilized by the students for more than half of the duration of the semester.

# STUDENTS' GYM KHANA

## IIIT ALLAHABAD

Thus, we suggest that there should be a **rebate of half of the following fees** if not more:

- A. Tuition fees, as neither Labs nor tutorials (wherever applicable), were held for the latter half.
- B. Hostel Rent, Mess Fee, Cooler Charges, Transport Fee, Examination Fee, Medical Fee (As hostels were vacated in the middle there was no use of any of the facilities for the rest of the semester)

However, due to the outbreak, our doctors and health care took extra responsibility, and for that, we may exclude the request for the rebate of the medical fee, as a contribution from the students to support our health care workers during these tough times.

### 2. Concession in the fee for July-Dec, 2020 Semester

There is no certainty about the future semesters amidst the current scenario as the cases seem to rise nationwide. The families of students are struggling financially, mentally, and physically/medically.

- Due to complete lockdown for the past few months, families of some students, especially the ones working in private sectors, have been economically disturbed due to a sudden plunge in their daily earnings. Most of them have received a huge pay cut and some have even been rendered jobless owing to cost-cutting in most tertiary sectors due to less demand and trade cut off. In such trying times, it would be a considerable relief if the same is taken into consideration.
- Due to such unimaginable global chaos, the deaths and the severity the nation faced, all the families are mentally disturbed and are living under high pressure these days. Those having independent businesses are either too scared to open despite lockdown relaxations or are able to earn only a fraction of their past earnings due to less traffic. Those that are employees have been asked to either join the organization with a lesser pay or resign. The shutting down of shopping malls, cinema theatres, travel-based services, and so on have impacted almost every family severely.

# STUDENTS' GYM KHANA

## IIIT ALLAHABAD

- People residing in metropolitan areas like Mumbai and Kolkata are facing unimaginable mental strain due to the ever-rising cases in and around their neighborhood.  
The conditions in rural areas and the ones devoted to the primary sector are not any better since they are facing a huge drop in the prices of domestic goods.  
To top it all the series of disasters like the Amphan cyclone in West Bengal and Odisha and the havoc created by the locust infestation in the states of Rajasthan, Gujarat, Madhya Pradesh among others.  
Even for those few that fall into neither of the categories, the speculation and negativity have impacted the mental and physical health.

In trying times like this, a concession is very much hoped for and can act as a relief for the physical, mental, financial, and emotional well being of the student and his/her family. For this we suggest the following:

**a. MHRD statement of No Tuition Fee Hike for Academic Year**

As per the PTI reports, the Hon'ble Education minister has assured students that there will be no hike in the fees of IITs and IIITs. It states, in the case of the Indian Institutes of Information Technology (IIITs), according to the minister, it has been decided that for those which are centrally-funded, the standard 10-per cent hike in the tuition fee for undergraduate programs will not be implemented this year.

"After consultation with the chairman of the Standing Committee of the IIT Council and directors of IITs, it has been decided that these institutes will not increase the tuition fee for the academic year 2020-21 for any course,"  
-news agency PTI quoted the minister as saying.

Hopefully, there will be official communication between the institute and the authorities for the same. Hence, we expect there will be no hike in the

# STUDENTS' GYM KHANA

## IIIT ALLAHABAD

fee for the upcoming academic year

### b. Fee Payment in Installments

The financial struggles have already been stated above and due to them, few families might now have that huge amount of money in hand at the time of fee payment, hence the facility to pay the fee in installment (2 or 3) is very much needed at this point of time and it will be very generous of the institute to allow the student for the same.

- i. There could be two Installments of 60% and 40%
- ii. 3 Installments of 50%, 25%, and 25%

Or any other division so that there is no pressure on students to arrange for such a huge amount of money during the lockdown.

### c. Institute level COVID aid to the students

The institute has been very gracious in providing COVID aid to the students for the summer semester, 20. The support from the Institute in this time of crisis was much anticipated and highly appreciated.

- i. Apart from this, the institute can **wave the late fee provision for the coming semester (July-Dec 2020)**, it will be a huge relief for students, as everyone is struggling financially, few students whose family income depends on daily income might require a little longer time to arrange for such an amount of money, owing to the fact that these families have been hit hard due to lockdown.

### Note

**Subject- Regarding Adjustment of remaining mess fee (Jan to May 2020) in next semester.**

Due to COVID-19, Students were advised to stay back at home since 18th March 2020 and hence didn't avail the mess facility. The rebate and excess mess fee of last semester may be adjusted in the next semester (session July 2020 to December 2020). It is expected that Institute may call students back in September. *[A]*

It is proposed that the remaining balance of rebate (only 75% of total rebate amount) and excess mess fee may be adjusted in the semester (session July 2020 to December 2020). *[C]*

In view of above, Mess fee will not be collected from students in next semester (session July 2020 to December 2020). *[D]*

Respected Sir,

As directed by you, Attached is the fees structure of various institutes of national importance for the next semester respectively, in which they have waived off the fee of various components whose service will not be availed by students such as hostel fees , mess fees, internet and electricity fees etcetera. So Institutes are not charging for the facilities which will not be used by students in the upcoming semester. And please consider the proposal proposed by Gymkhana earlier last month. That proposal not only contain request about tuition fee but we are basically focusing on waiving off fees like **Hostel Rent, Mess Fee, Cooler Charges, Transport Fee, Examination Fee , Medical Fee, Electricity and internet charges, Library Fee** which do not have any use as the semester is going to be conducted online. It will be grateful if the proposal is discussed as soon as possible and these components will be waived off as most of the students are in problem due to the financial crisis caused by COVID-19. Early conclusion on this matter will clarify students on the amount they have to pay as the deadline is approaching and those who have to apply for the loan that process takes about 10 days or so. To prevent late payments we request you to shift the deadline a little further if it is possible.

Also the IIT Students council collectively has requested MHRD for a similar concession as attached and IIT Hyderabad has exempted some fees attached after discussion with their Gymkhana, so these issues are also raised by other colleges.

So, we kindly request you to call a meeting regarding the matter at the earliest so that we can present the problems and concerns of students in front of the institute authorities.

Regards,

Sahil Udayasingh

Respected sir,

Gentle reminder!

As the deadline is approaching near students are getting a little impatient and asking us about the updates. They might start writing individual mails as they haven't received any information about this, as until now we were talking in a collective manner. So we request you to consider the requests and kindly give a final conclusion to the earliest. Atleast tell us what the committee has decided so that students get communicated about the decision because many students didn't paid the fee until now as they know there was a discussion going on this matter. As many of the students are right now in hold delaying this would make them difficult to meet the deadlines considering the amount of time required by students to process the fee through bank loan.

Respected Sir,

In reference to your mail, kindly consider the following points-

- Allow the students to pay the fee in two installments without any late fee charges.
- Please reconsider the cancellation of following in fees particulars:
  1. Hostel Rent
  2. Medical Fee
  3. Transport Fee
  4. Cooler Charge Usage
  5. Library Fee and Examination Fee

It was mentioned in the OFFICE ORDER that – if the students return to campus this semester mess charges will be taken on a pro rata basis. If it is possible to exempt mess charges, then I request the concerned authority to apply the same on the above 5 particulars as these facilities will not be availed by students in online mode.

So, on behalf of students of IIIT Allahabad, I request you again to kindly consider the above points.

Hoping for a positive response.

Dear All,

This mail is to take input from you regarding requests made by the Students' Gymkhana in the matter concerning this semester Fee concession. For the past few weeks we have been in regular contact with the competent authority both via mail and telephonic communication requesting them to arrange a meeting to discuss the proposal which was proposed earlier last month. We have also provided documents of similar concessions made in other institutes for the upcoming semester to the authorities. In reply of which a registrar office order came and then again request has been raised and then a new registrar office received which doesn't cover the resolution of issues raised by Gymkhana. So, We are going to send a final mail after yesterday's decision in which would request the authority again.

We will be attaching the fees structure of IIIT Nagpur which has exempted the hostel fee and requesting them to consider those fees which are of no use in an online semester one more time.

I request all the senators kindly go through the Final.pdf and suggest any change to the earliest(if any).

**\*\*The issue of single occupancy hostel fee for the Batch2018 and Mtech2019 will be dealt separately as this is a collective matter.**

Respected sir,

The hostel fee charged from 5th semester btech students and 3rd semester Mtech students is Rs.11,880. This is the charge for single occupancy rooms but the students will not be using these rooms until the campus reopens. Their luggage and belongings are still in double occupancy room because they have not been allotted single room. Therefore, for the above mentioned reason, we would request you to charge all these students with the amount as per double occupancy room charges as most likely this semester is to be proceed in online mode.

Respected Sir,

In regards of fee structure, this is a collective request from the students to kindly reconsider the cancellation of following in fee particulars:-

- 1.Hostel Rent
- 2.Medical Fee
- 3.Transport Fee
- 4.Library Fee
- 5.Examination Fee

Out of all the particulars mentioned above, Hostel Rent is the one which needs to be reduced most in this pandemic situation but no relaxation has been done as of now. The semester will most likely go online, so basically these are the facilities which will not be utilized by students.

As per your previous office order it was mentioned that if the students return to campus this semester mess charges will be taken on a pro rata basis but earlier it was decided that mess fee shall not be collected from students this semester. Please clarify the same.

Therefore, on behalf of students of IIIT Allahabad, I appeal you again to consider the requests made by the students or please provide us with confirmation that the above-mentioned fees would be refunded in case the entire semester goes online.

PFA fee structure notification of IIIT Nagpur in which it is specified -"Fees do not include charges towards hostel and mess".

Looking forward to a response on a positive side.

Dear Students,

The entire country is suffering due to the current pandemic situation and we all need to cooperate and work together to tide over this difficult situation. Regarding your request for fee exemption, the following may be noted:

1. The Institute has waved of the 10% increase in fee which was applicable from July-2020.
2. The mess has been exempted. The remaining part of the mess fee (Jan-June 2020) will be adjusted.
3. The cooler charges shall be adjusted in the next semester
4. There are other requests regarding hostel charges, transport charges etc. All these matters are under consideration and information shall be given in due course.

Meanwhile, you are required to submit the 1<sup>st</sup> installment of the fee. Regarding some incongruities in the fee portal, you are requested to bear with it. It is not possible to incorporate all changes in the software very quickly.

Thanking You

Respected sir,

This mail is in reference to your last mail regarding the fee exemption and directives from the Ministry of Education.

There have been many requests coming from students about the status of directives from the Ministry regarding fee exemption because:-

- 1). The date of commencement of the 2nd Installment is approaching very near and
- 2). Students availing various national/state scholarships also facing problems because In order to avail scholarship they need the fee receipt which is being generated after the full fee submission. So, It will be beneficial if the status of fee is known so that they can deposit fee accordingly and avail their corresponding scholarships. Deadline of various scholarships is also approaching.

So, It is a kind request to update the students about the status of the above mentioned subject as soon as possible so that students can proceed accordingly.
